### **ORDER :**

In the reference first read above, Government has accorded administrative approval for the Project “Modernization of Animal Vaccine Production and Disease Diagnostic Units in Andhra Pradesh” with an outlay of Rs.1155.09 lakhs. This includes a loan of Rs.1091.12 lakhs sanctioned by NABARD and Rs.135.97 lakhs as the contribution of the State Government.

2 In the reference second read above, the Director of Animal Husbandry has reported that Government has accorded permission to hand over the said project to Andhra Pradesh State Agro Industries Development Corporation Limited (APAGROS) for execution of the Project on turnkey basis, since the Animal Husbandry Department do not have proper technical know how to handle such Projects. The A.P. State Agro Industries Development Corporation has thoroughly analyzed the Project Report submitted to NABARD in respect of Veterinary Biological Research Institute, Hyderabad and noticed that certain pre-requisites for General Manufacturing Practices (GMP) have not been included in the estimates and informed that unless they are rectified, it may not conform General Manufacturing Practices standards. The Drug Authorities have also indicated that it is mandatory for all the manufacturers and pharmaceuticals to comply the provisions of Schedule M under Drugs and Cosmetics Act, 1942. Taking the above suggestions and recommendations into consideration, the Director of Animal Husbandry has requested the Government to accord revised administrative approval to the Project “Modernization of Animal Vaccine Production and Disease Diagnostic Units in Andhra Pradesh” with an outlay of Rs.1896.85 lakhs. After examination of the matter, in the reference third above, Government have accorded revised administrative sanction, as detailed below, subject to the condition that the difference of Rs.741.76 shall be met from the funds released by Government of India during 2005-06 and 2006-07 under Assistance to States for Control of Animal Diseases (ASCAD) and that no funds will be sanctioned either by the Government or by NABARD:

P.T.O.

3. The Director of Animal Husbandry in the reference fourth cited has reported that during the year 2007-08, representatives of the both State and Central Drug authorities and Scientists from Indian Veterinary Research Institute (IVRI) at the instance of Government of India have visited the Standardization of Biological Products (SDBP) Unit, Rajendranagar in order to know whether the testing facilities available at the Unit are compatible with the Vaccine produced at Veterinary Biological Research Institute, Hyderabad as per G.M.P. standards. During the visit, they have observed that the conservative estimates prepared for the project are not complying the provisions of Schedule M under Drugs and Cosmetics Act.1942 and also not conforming to GLP standards. They have suggested certain modifications/ alterations to the conservative estimates so as to comply with the provisions of Schedule M under Drugs and Cosmetics Act.1942 and conform to GLP standards.

4. The Director of Animal Husbandry has further reported that as the Department do not have proper technical know to handle the project, Andhra Pradesh State agro Industries Development Corporation Limited, which has already having required experience in handling the projects of same nature, has been requested to prepare the estimates for Standardization of Biological Products (SDBP) Unit, Rajendranagar. The A.P. Agro Industries Development Corporation after thoroughly analyzing the conservative estimates given to NABARD and after including the suggestions made by the Drug authorities and Government of India officials, has revised the estimated cost of the Project to Rs.273.03 lakhs. In order to complete the project work within the stipulated period conforming to Schedule M of Drugs and Cosmetics Act and GLP standards, the Director of Animal Husbandry has requested to accord revised administrative approval of the project for a total outlay of Rs.2113.24 lakhs and permission to hand over the project work of Standardization of Biological Products (SDBP), Rajendranagar to A.P State Agro industries Development Corporation Limited, Hyderabad to be executed on turnkey basis. He has further reported that the differential amount of Rs.216.39 lakhs on account of revised administrative approval will be met from the funds to be released by Government of India under Assistance to States for Control of Animal Diseases (ASCAD) during 2007-2008 and requested the Government to accord revised administrative approval for Rs.2113.24 lakhs.

5. After examination of the matter, in the reference fifth above, Government have accorded second revised administrative sanction, as detailed below, subject to the condition that the difference of Rs.216.93 lakhs shall be met from the funds released by Government of India under "Assistance to States for Control of Animal Diseases" (ASCAD) and that no funds will be sanctioned either by the Government. The item-wise second revised outlay of the total Project under RIDF-X is as follows:

(Rs. In lakhs)

SI. No.	ITEM	Revised administrative approval issued in G.O.Ms.No.98	2 <sup>nd</sup> revised administrative approval issued
1	Veterinary Biological Research Institute(VBRI), Hyderabad	1137.66	1137.66
2	V.B.R.I., Samarlakot	522.59	522.59

6	Divisional Offices (Cold chain) facilities	58.52	58.52
	<b>Total</b>	<b>1896.85</b>	<b>2113.24</b>

6. Now the Director of Animal Husbandry in his letters sixth read above has reported that the main objective of the Project is to modernize two Animal Vaccine Production Units of Veterinary Biological Research Institutes (VBRI) located at Hyderabad and Samarlakot, improving the quality of vaccine testing standards at Standardization of Biological Products (SDBP) unit, Rajendranagar and improving the cold chain facilities at Divisional and Animal Health Centers or Animal Disease Diagnostic Laboratories/ Units (ADDL) in the Districts, to conform GMP and GLP standards. He has further reported that during April, 2008 representatives of both State and Central Drug authorities and Scientists from Indian Veterinary Research Institute (IVRI) at the instance of Government of India have visited the V.B.R.I., Hyderabad to find out whether certain additions / modifications recommended by them during their previous visits have been followed or not in order to comply the provisions of Schedule M under drugs and cosmetics act 1942 and conform to GMP standards. They are satisfied with the progress of work but made some final alterations to the type design. They have informed that with these alterations the project becomes the best Vaccine production unit in the country conforming to GMP standards.

This will be taken as model unit for implementing such type of projects in other States. After taking those additions/modifications into consideration, there is escalation in the estimated cost from Rs.2113.24 lakhs to Rs.2259.28 lakhs. The item wise outlay already revised under RIDF-X and outlay of the total project after further revision will be as follows:

(Rs. in lakhs)
